

Tailwind

Tailwind™

Saddle Stuffer™

The TAILWIND Saddle Stuffer is a versatile way to carry additional gear on long tours or spare tube and clothes on a day ride. Three-point mounting combined with lightweight, riveted stiffener eliminates sway and flop. Wraparound zipper allows easy access and quick-release compression strap for extra storage and fast removal.

Volume: 90 cu. in.
Weight: 99 gr.
Colors: Navy, Burgundy,
and Black

Large Saddle Stuffer™

The TAILWIND Large Saddle Stuffer shares all of the same unique features found on the Saddle Stuffer with almost twice the volume. Stable four-point mounting insures a secure, no-flop mount. Training, touring or off-road, the Large Saddle Stuffer is the one bag to carry your cycling needs.

Volume: 149 cu. in.
Weight: 113 gr.
Colors: Navy, Burgundy,
and Black.

Little Pocket™

Designed to hold the essentials, the TAILWIND Little Pocket is small enough to fit INSIDE the saddle, or, it can be mounted virtually anywhere on the bike where there is a 7/8" or larger tube.

Volume: 16 cu. in.
Weight: 28 gr.
Colors: Navy, Burgundy, and Black.

Fitted Pouch™

The TAILWIND Fitted Pouch is a neat way to carry cycling essentials, making them as accessible as your waterbottle. The possibilities are endless; a tube, patchkit and tools; a lightweight wind jacket; even a cold 12 oz. can of your favorite drink. The Fitted Pouch, a new way to be prepared.

Volume: 34 cu. in.
Weight: 56 gr.
Colors: Navy, Burgundy,
and Black

Carrier Cover™

The TAILWIND Carrier Cover adds the finishing touch to a rear carrier. It reduces rear tire spray on rider's back and keeps items on carrier from interfering with tire.

Colors: Navy, Burgundy, and Black.

MooseBag™

The TAILWIND MooseBag is the ideal handlebar pack. Secure 3-point mounting with lightweight stiffener, compact size, and easy one-hand access make the MooseBag invaluable to all cyclists. The unique 3-strap mounting fits road, off-road, and triangulated bars.

Volume: 108 cu. in.

Weight: 156 gr.

Colors: Navy, Burgundy, and Black.

FannyPak™

The TAILWIND FannyPak is designed specifically for cyclists. The generous main pocket can hold a light jacket and a lunch, while the side pockets keep keys and change separate and handy. Extra heavy-duty materials include free running #7 zippers, a 2 inch wide waist belt and quick release buckle.

Volume: 385 cu. in.

Weight: 150 gr.

Colors: Navy, Burgundy, and Black.

ComPak™ Front Panniers

TAILWIND ComPak Front Panniers are designed as a rugged all purpose carrying system when combined with the popular Blackburn Low-Rider carrier. ComPak Fronts use the carrier frame for maximum rigidity and minimum weight. Take them over the roughest ground and they'll stay put. No bent hooks or hardware come adrift.

Volume: 1264 cu. in./pair

Weight: 482 gr./pair

Colors: Navy, Burgundy, and Black.

Triple Trunk™ Rear Panniers

TAILWIND Triple Trunk Rear Panniers offer the convenience of the popular "trunk" with important improvements for rugged use. Dropped side pockets lower the center-of-gravity for better handling. They also wrap around the carrier for a totally secure mount that won't slip or come off under the roughest conditions.

Volume: 1091 cu. in.

Weight: 567 gr.

Colors: Navy, Burgundy, and Black.

System One™ Panniers

TAILWIND Panniers incorporate a unique 3-point mounting system which eliminates flop completely. An innovative three-hook system places two hooks over the horizontal rack and a third which fits snugly over a vertical back-stay. No springs or straps. Uses sturdy ball-detent pins inserted through the hooks. Panniers are securely locked on. Made of super durable nylon, their truncated airfoil

shape actually reduces drag. With a rigid, lightweight internal frame, these panniers hold their aerodynamic shape empty or fully loaded. Each pannier is trimmed with strips of super reflective material for maximum night visibility.

Front Volume: 1436 cu. in./pair
Rear Volume: 1783 cu. in./pair
Front Weight: 1106 gr./pair
Rear Weight: 1306 gr./pair
Colors: Navy, Burgundy, and Black.

Fitted Stuff Sacks™

Use the TAILWIND Fitted Stuff Sacks to make maximum use of the volume in each pannier. Stuff Sacks serve to divide your equipment into convenient size units that will fit without wasted volume in either front or rear panniers. It's easy to rearrange these units as necessary to get the heaviest items on the bottom and to obtain the desired front-to-rear and side-to-side balance.

Giant Stuffer™

The TAILWIND Giant Stuffer is an extremely useful and convenient way to carry bulky items like a sleeping bag or tent on a rear carrier. A highly reflective fabric is used on back and sides for maximum night visibility. Includes an integral end flap and pushbutton cordlock.

Volume: 1020 cu. in.
Weight: 255 gr.
Colors: Navy, Burgundy, and Black.
